Numeracy: topic	Complete the activities on in Education City. Great work on the 2 times table. This week try to think about the 4 x table. It is learned by thinking about doubling the answers in the 2 x table.	https://go.educationcity.com/ I have also posted a mapping activity all about a zoo.
Health and Wellbeing	1.Our School Trip! Follow the link! 2. Use the choice grid to do some activities around animals.	We didn't manage to go on a trip this year, so I have created a link to a zoo in Cincinnati, USA. There are loads of animals with clips all about them.
Other curricular area:	Loving your topic work!	What can you add to the fact file this week? I was thinking about adding some facts or maybe investigating a famous person from your topic. You choose what you would like to find out about this week.
